FOR IMMEDIATE RELEASE

Wescom Resources Reports Strong Mid-Year Financial and Client Growth

With 20.4% top-line revenue growth and 12 new clients, the leading technology CUSO posted outstanding mid-year results. Wescom Resources remains focused on delivering innovative people, resources, and partnerships to help credit unions remain competitive and grow.

Pasadena, Calif. – August 26, 2025 – Wescom Resources, a wholly owned CUSO of Wescom Financial, shared outstanding financial and operational results for an active and successful first half of its 2025 fiscal year. The industry-leading technology Credit Union Service Organization (CUSO) built upon recent growth trends and continued its strategic investment in operations, technology, and people to meet the evolving needs of credit unions.

Wescom Resources added seven new UNITRI Core Hosting clients in the first half of 2025. These included Aspen Federal Credit Union, Bossier Federal Credit Union, Premier Financial, Tonawanda Valley Federal Credit Union, Great Erie Federal Credit Union, Corry Federal Credit Union, and Achieve Financial Credit Union.

The CUSO also welcomed four new Tellerly® branch automation clients, including Members Heritage Credit Union, Net Credit Union, American First, and SRP Federal Credit Union. Tellerly enables credit union branch employees to securely authenticate members, capture electronic signatures, and present personalized offers.

With these latest additions, the CUSO now serves more than 70 credit unions through the UNITRI Core Hosting solution, in addition to more than 40 credit unions on the Tellerly platform.

This growing roster of clients helped drive strong first-half financial results, as revenues grew by 20.4% versus the same period in 2024.

On April 2, 2025, the CUSO unveiled new branding and an updated website, which offers a clean, modern design and easy navigability for both clients and business partners. Wescom Resources dropped “Group” from its name to reinforce the seamless, service-first relationships and extensive resources the CUSO offers to meet credit unions’ unique needs.

On July 1, 2025, Wescom Resources and FICS® announced a preferred hosting partnership that establishes Wescom Resources as the preferred nationwide hosting partner for FICS’ full suite of industry-leading mortgage software solutions. As part of the collaboration, Wescom Resources will host key products including Mortgage Servicer®, Commercial Servicer®, and Loan Producer®, along with FICS’ complementary reporting and document management services.

“On behalf of the CUSO, I am pleased with our first-half financial and client growth results,” says Dave Cerwinski, President of Wescom Resources. “For over two decades, our business has been built on a foundation of trust, and we are thankful for the incredible faith credit unions have placed in us to help manage their technology needs. But we are not resting on our laurels. We continue to expand our resiliency and operations to deliver more through the deployment of new technology, resources, and staff development.”

Wescom Resources continues its long-standing support of the credit union community, exemplified by its recent sponsorship of the 2025 Women’s Leadership Symposium, an event dedicated to inspiring and connecting women credit union CEOs from across the country.

Wescom Resources was also recognized at Corelation’s 14th Annual Client Conference for the long-standing partnership between the two organizations.

“We are deeply grateful for our ongoing and mutually beneficial relationship with all our valued clients and our key industry partners,” says Joseph Pellissery, Board Chairman of Wescom Resources and Senior Vice President and Chief Information Officer of Wescom Financial. “Our industry is built on a philosophy of collaboration, innovation sharing, and a commitment to ‘people helping people.’ With Wescom Resources, we are proud of our contributions and role in helping to move credit unions forward.”

About Wescom Resources

Wescom Resources is a wholly owned credit union service organization (CUSO) of Wescom Financial, a \$6.4 billion credit union serving over 250,000 members. Supporting credit unions with a combined \$150 billion in assets and over 8 million members, Wescom Resources embodies the credit union commitment to service—acting as a natural extension of our clients’ teams. Wescom Resources provides innovative technology solutions that help credit unions and other financial institutions enhance service delivery, backed by an unparalleled commitment to client service and support. Our core hosting service, UNITRI, offers secure, private cloud system hosting, streamlining operations, increasing efficiencies, and enabling institutions to better serve their members. Tellerly transforms branch interactions with intuitive point-of-sale (POS) terminals and workflows providing a seamless member experience. To learn how your

organization can experience first-hand a one-of-a-kind CUSO partnership, visit wescomresources.com.

About Wescom Financial

For more than 90 years, Wescom Financial has been dedicated to building better lives for Californians through a full array of banking products and services, including insurance and investment solutions. Wescom also offers accessible financial education, top-rated digital banking tools, lower loan rates and fees, and higher savings yields. Today, with 30 branches between Southern and Central California, Wescom serves more than a quarter million individuals. Headquartered in Pasadena, California, Wescom is proud to be named one of "America's Best Regional Banks and Credit Unions" by Newsweek in 2024 and 2025. The Wescom Foundation, its charitable arm, supports community-based organizations through strategic grantmaking and community engagement. Wescom is federally insured by NCUA and an Equal Housing Opportunity Lender. For more information, please visit wescom.org.
